EARLY CHILDHOOD EDUCATION, MS

Program Description
This program is a degree designed for individuals who are currently working with young children or are desiring to work with young children in an educational setting. Courses are structured to increase the educator's knowledge of young children and the ensuing implications for programs and curricula.

Teachers, curriculum specialists and administrators will improve their competence in designing curriculum, classrooms, centers, and classroom experiences for young children. Students will also improve their skills in evaluating instruction based on children's needs, and develop techniques to appropriately evaluate young children's learning.

Student Learning Outcomes
Students will:

• Articulate and fulfill professional roles and responsibilities related to working with young children in the State of Texas.
• Design appropriate curricula, classroom centers, and classroom experiences for young children in the State of Texas.
• Determine effective, responsive instruction and assessment for young children in the State of Texas.
• Produce a portfolio consisting of experiences, projects, originally designed products and a synthesis of reflection developed during participation in the degree program.

Total Hours 36

1

In order to be admitted to the ACE Program, students must take and pass the Texas Content Exam. Students must also complete either clinical teaching (1 semester) or obtain a two semester internship. Finally, they must take and pass the Pedagogy and Professional Responsibilities Exam.

Capstone Experience

All students pursuing the master's degree in Early Childhood Education will take ECED 5349 Capstone Research Project in Early Childhood Education (3 sch). Candidates for this degree must successfully present and defend their Graduate Portfolio to the Assessment Panel prior to graduation. The portfolio consists of experiences, projects, originally designed products and a synthesis of reflection developed during participation in the degree program. Each student who is a candidate for graduation must present and discuss each item of their portfolio with the Assessment Panel. The panel of three consists of a Texas A&M University-Corpus Christi Early Childhood professor, a professor from the College of Education and Human Development (Texas A&M University-Corpus Christi), and a professional educator who holds a masters or doctorate degree.

Courses

Bilingual/ESL/Multicultural Education Courses

BIEM 5343 Foundations in Bilingual Education
3 Semester Credit Hours (3 Lecture Hours)
A study of bilingualism and bilingual education in the United States with attention to rationale, philosophy, and program models.

BIEM 5344 Methods of Teaching Bilingual Children
3 Semester Credit Hours (3 Lecture Hours)
Methods and techniques of teaching bilingual students in elementary schools. Emphasis is on teaching Spanish language arts.

BIEM 5345 Developmental Linguistics
3 Semester Credit Hours (3 Lecture Hours)
Language acquisition and development with special reference to their implications for teaching monolingual and bilingual students.

BIEM 5346 Pedagogical Implications of Bilingual/ESL
3 Semester Credit Hours (3 Lecture Hours)
Overview of curriculum alignment in the bilingual classroom. Includes analysis of language assessment instruments and the pedagogical implications associated with the education of culturally and linguistically diverse students. Students who have taken BIEM 5346 may not enroll in BIEM 6346.

BIEM 5347 Methods of Teaching English As a Second Language
3 Semester Credit Hours (3 Lecture Hours)
Advanced studies in methodology and techniques available for teaching learners whose native language is not English. Some attention to sociolinguistics is considered.

BIEM 5349 Contrastive Analysis
3 Semester Credit Hours (3 Lecture Hours)
A descriptive/contrastive approach to the study of Spanish and English linguistic structures. Introduces basic concepts of language, linguistics, and bilingualism.

BIEM 5390 Professional Seminar
1-3 Semester Credit Hours (1 Lecture Hour)
Contemporary issues in Bilingual/ESL Multicultural Education: topics vary with professional identification of participants.

BIEM 5397 Practicum-Multicultural Education
3 Semester Credit Hours (3 Lecture Hours)
This course is designed to provide the student with in-depth knowledge and skills in the content areas as they apply to the education of language minority children in appropriate multicultural, multilingual, and multilevel settings.

BIEM 5696 Directed individual Study
1-6 Semester Credit Hours (1 Lecture Hour)
May be repeated when topics vary.

BIEM 6346 Pedagogical Implications of Bilingual/ESL
3 Semester Credit Hours (3 Lecture Hours)
Overview of curriculum alignment in the bilingual classroom. Includes analysis of language assessment instruments and the pedagogical implications associated with the education of culturally and linguistically diverse students. Students who have taken BIEM 5346 may not enroll in BIEM 6346.

Early Childhood Education Courses

ECED 5301 Involving Families and Communities in the Lives of Young Children
3 Semester Credit Hours (3 Lecture Hours)
The course will encompass a study of the contributions of national, state, and local agencies, referral services, and family involvement as these relate to the lives of young children.

ECED 5303 Graduate Studies in Early Childhood Education
3 Semester Credit Hours (3 Lecture Hours)
An introduction to research studies in early childhood education and an analysis of their implications for the classroom teacher. Students will be able to engage in action research in early childhood classrooms.

ECED 5334 Developmentally Appropriate Early Childhood Curriculum
3 Semester Credit Hours (3 Lecture Hours)
An intensive study of the principles of curriculum, which includes philosophy, organization, recognition of diversity, selection and evaluation of curriculum materials, and development of an early childhood education program.

ECED 5337 Cultural, Linguistic and Economic Diversity and the Effect on the Lives of Young Children
3 Semester Credit Hours (3 Lecture Hours)
The course will address a study of the factors related to culturally, linguistically, and economically diverse young children. Issues related to these diverse issues will be explored and effective strategies for working with these children and their families will be explored.

ECED 5340 Appropriate Formal and Informal Assessment of all Young Children
3 Semester Credit Hours (3 Lecture Hours)
Formal and informal assessment strategies and tools used in the assessment of young children will be studied. Current recommended assessment practices and research in early childhood education will be examined.

ECED 5349 Capstone Research Project in Early Childhood Education
3 Semester Credit Hours (3 Lecture Hours)
A study of bilingualism and bilingual education in the United States with attention to rationale, philosophy, and program models.

ECED 5350 Foundations in Early Childhood Education
3 Semester Credit Hours (3 Lecture Hours)
A study of the contributions of national, state, and local agencies, referral services, and family involvement as these relate to the lives of young children.

ECED 5351 Graduate Studies in Early Childhood Education
3 Semester Credit Hours (3 Lecture Hours)
An introduction to research studies in early childhood education and an analysis of their implications for the classroom teacher. Students will be able to engage in action research in early childhood classrooms.

ECED 5352 Developmentally Appropriate Early Childhood Curriculum
3 Semester Credit Hours (3 Lecture Hours)
An intensive study of the principles of curriculum, which includes philosophy, organization, recognition of diversity, selection and evaluation of curriculum materials, and development of an early childhood education program.

ECED 5353 Cultural, Linguistic and Economic Diversity and the Effect on the Lives of Young Children
3 Semester Credit Hours (3 Lecture Hours)
The course will address a study of the factors related to culturally, linguistically, and economically diverse young children. Issues related to these diverse issues will be explored and effective strategies for working with these children and their families will be explored.

ECED 5354 Appropriate Formal and Informal Assessment of all Young Children
3 Semester Credit Hours (3 Lecture Hours)
Formal and informal assessment strategies and tools used in the assessment of young children will be studied. Current recommended assessment practices and research in early childhood education will be examined.
ECED 5346 Capstone Research Proposal in Early Childhood Education  
3 Semester Credit Hours (3 Lecture Hours)  
The course will facilitate the development of the research based  
capstone experience proposal. The proposal must focus on some aspect  
of early childhood education.  
Prerequisite: EDFN 5301.

ECED 5349 Capstone Research Project in Early Childhood Education  
3 Semester Credit Hours (3 Lecture Hours)  
Students will implement and complete their capstone proposal. This may  
be a thesis or project, focus on some aspect of early childhood education  
and culminate in a formal written paper.

ECED 5390 Professional Seminar  
1-3 Semester Credit Hours (1 Lecture Hour)  
Contemporary issues in Early Childhood Education: topics vary with  
professional identification of participants.

ECED 5397 Practicum in Early Childhood Education  
3 Semester Credit Hours (3 Lecture Hours)  
An opportunity to secure practical experience in early childhood  
classrooms and analyze those programs in terms of available research. A  
personalized culminating experience for the early childhood specialist.

ECED 5696 Directed individual Study  
1-6 Semester Credit Hours (1 Lecture Hour)  
May be repeated when topics vary.

Teaching Education/Student Teaching Courses

EDUC 5327 Strategies of Success I for the Beginning Teacher  
3 Semester Credit Hours (3 Lecture Hours)  
This course is designed to provide pre-service teachers with an  
understanding of the teaching of science in the elementary school  
setting. Students' prior knowledge from previous courses will be  
essential to their performance in this course, namely: technology in  
the classroom, lesson planning, curriculum organization, and student  
assessment. Participation in field experiences is a requirement of this  
course. Enrollment limited to graduate students seeking initial teacher  
certification.

EDUC 5353 Classroom Management and the Student  
3 Semester Credit Hours  
A course emphasizing methods of organizing and managing a classroom,  
and student growth and development concepts and how they will affect  
classroom management. Enrollment limited to graduate students seeking  
initial teacher certification.

EDUC 5354 Methods of Teaching Mathematics  
3 Semester Credit Hours (3 Lecture Hours)  
A course emphasizing the teaching of mathematics in Grades 1-8 using  
manipulatives in a problem-solving format. Instruction will build upon  
the following topics which will have been introduced in previous courses: the  
teaching-learning process, curriculum organization, use of instructional  
technology, instructional planning, and instructional and student  
evaluation. Each student will participate in field experiences. Enrollment  
limited to graduate students seeking initial teacher certification.

EDUC 5355 Methods of Teaching Social Studies  
3 Semester Credit Hours (3 Lecture Hours)  
A course emphasizing practical applications for the teaching of social  
studies in Grades 1-8. Instruction will build upon the following topics,  
which will have been introduced in previous courses: the teaching-  
learning process, curriculum organization, use of instructional technology,  
instructional planning, and instructional and student evaluation. Each  
student will participate in field experiences. Enrollment limited to  
graduate students seeking initial teacher certification.

EDUC 5356 Methods of Teaching Science  
3 Semester Credit Hours (3 Lecture Hours)  
This course is designed to provide pre-service teachers with an  
understanding of the teaching of science in the elementary school  
setting. Students' prior knowledge from previous courses will be  
essential to their performance in this course, namely: technology in  
the classroom, lesson planning, curriculum organization, and student  
assessment. Participation in field experiences is a requirement of this  
course. Enrollment limited to graduate students seeking initial teacher  
certification.

EDUC 5357 Strategies for Teaching in the Secondary School  
3 Semester Credit Hours (3 Lecture Hours)  
A course emphasizing practical and varied strategies for instructional  
planning and presentations. Instruction will build upon the following  
topics, which will have been introduced in previous courses: the teaching-  
learning process, curriculum organization, use of instructional technology,  
instructional planning, and instructional and student evaluation. Each  
student will participate in field experiences. Enrollment limited to  
graduate students seeking initial certification.

EDUC 5358 Applied Research and Professional Writing  
3 Semester Credit Hours (3 Lecture Hours)  
A course emphasizing the finding, interpreting, and use of research to  
achieve a stated educational goal for each individual student. Concepts  
of tests and measurements will be emphasized for interpreting research  
results and gathering data for applied research. Students will develop  
and execute an applied inquiry project. Enrollment limited to graduate  
students seeking initial teacher certification.

EDUC 5390 Professional Seminar  
1-3 Semester Credit Hours (1-3 Lecture Hours)  
This course addresses contemporary issues in education. May be  
repeated for credit when the topic varies.
EDUC 5393 Internship I for the Intern Teacher
3 Semester Credit Hours
This course is a supervised classroom teaching field experience and seminar designed to assist the non-certified teacher with the application of various aspects of planning for teaching. Enrollment is limited to graduate students seeking initial teacher certification. Interns must be enrolled in EDUC 5352 - Planning, Teaching, Learning Processes* (or have completed EDUC 5352 - Planning, Teaching, Learning Processes*) and completed 30 contact hours of field observation.

EDUC 5394 Internship II for the Intern Teacher
3 Semester Credit Hours
This course is a supervised classroom teaching field experience and seminar designed to assist the non-certified teacher with the application of classroom management techniques, and enhance existing teaching skills. Enrollment is limited to graduate students seeking initial teacher certification. Interns must be enrolled in EDUC 5357 or have completed EDUC 5357.

Prerequisite: EDUC 5393, 5352 and 5357.

EDUC 5395 Strategies of Success II for the Beginning Teacher
3 Semester Credit Hours (3 Lecture Hours)
This course is provided for beginning teachers during their second year on a "Probationary Certificate." Students are provided with the application of learning principles, communication skills, and teaching strategies that will reinforce their existing teaching skills. Enrollment is limited to teachers on a TEA "Probationary Certificate," but are currently in teaching positions. This course is taken during the second semester of the second year on a "Probationary Certificate."

Prerequisite: EDUC 5397, 5394 and 5327.

EDUC 5397 Practicum I for the Beginning Teacher
3 Semester Credit Hours (3 Lecture Hours)
This is a supervised classroom teaching field experience designed to enhance the individual teacher’s existing teaching skills for the beginning teachers during their third year on a "Probationary Certificate." Enrollment is limited to certified teachers on a TEA "Probationary Certificate," but currently in teaching positions. This course is taken concurrently with EDUC 5327 first semester of the third year on a "Probationary Certificate."

This course may not be taken for graduate credit if the student has taken EDUC 5393, EDUC 5394 or EDUC 5395.

Prerequisite: EDUC 5327, 5393, 5394 and 5395.

EDUC 5398 Practicum II and Seminar for the Beginning Teacher
3 Semester Credit Hours (3 Lecture Hours)
Beginning teachers who are currently in their third year of a "Probationary Certificate" are provided with additional skills to enrich their classroom teaching proficiency through seminars and supervised supervision for effective classroom teaching. Enrollment is limited to certified teachers on a TEA "Probationary Certificate," but currently in teaching positions. This course is taken during the second (and final) semester of the third year on a "Probationary Certificate."

Prerequisite: EDUC 5327, 5393, 5394, 5395 and 5397.

EDUC 5396 Directed Individual Study
1-6 Semester Credit Hours (1-6 Lecture Hours)
Contemporary issues in educational technology; topics vary with professional interests and needs of participants. This "hybrid" course focuses upon enabling students to design effective instructional activities and materials for on-line instruction within a learning management system (LMS) environment. Students will acquire research-based knowledge about the design and development of effective on-line instruction which is consistent with established best practices. Emphasis will be placed upon development of on-line instruction in curricular areas specified by the instructor or selected by the student, subject to instructor approval.

Reading Courses

READ 5310 Emergent Literacy
3 Semester Credit Hours (3 Lecture Hours)
Language acquisition and functions of language are explored for beginning literacy (K-3). Emphasis will be on classroom strategies for promoting language development and literacy growth for children through the integration of the language systems (reading, writing, speaking, listening). Of particular concern will be children's oral language, letter knowledge, reading and writing vocabularies, concepts about print, and auditory discrimination.

READ 5314 College/Adult Literacy
3 Semester Credit Hours (3 Lecture Hours)
Theories and research on reading, writing, and study processes of college and adult students will be explored. Students will learn about program design, teaching/learning strategies, and assessment procedures appropriate for developmental college students and adult education.

READ 5321 Fundamentals of Elementary Reading instruction I
3 Semester Credit Hours (3 Lecture Hours)
This course includes a study of theoretical, research, and pedagogical aspects of the reading-writing connection for grades 4-8 students. There will also be an emphasis on content area reading and study skills as well as the writing process. Enrollment limited to graduate students seeking initial teacher certification.

READ 5322 Fundamentals of Elementary Reading instruction II
3 Semester Credit Hours (3 Lecture Hours)
This course includes a study of methods, materials, and strategies for teaching reading. It is designed to provide graduate students with professional knowledge concerning current research, philosophical perspectives, essential program components, and pedagogical strategies essential to the teaching of reading. Enrollment limited to graduate students seeking initial teacher certification.

READ 5323 Fundamentals of Secondary Reading instruction
3 Semester Credit Hours (3 Lecture Hours)
This course is designed to provide graduate students with professional knowledge concerning current research, theory, essential program components, and pedagogical strategies in secondary literacy. Application of strategies to the reading, writing, and learning needs to adolescents will be emphasized. Areas of consideration will include classroom assessment of literacy study reading, and integrating trade books into the content classroom. Enrollment limited to graduate students seeking initial certification.
READ 5345 Stages and Standards for Reading Development
3 Semester Credit Hours (3 Lecture Hours)
This course emphasizes effective reading practices that reflect state content and performance standards. Particular emphasis is placed on the interrelated components of reading and how these components apply in reading instruction. Equal emphasis is placed on primary, middle school, and high school students. This course is required for the Master Reading Teacher Certificate.

READ 5346 Trends and issues in Literacy
3 Semester Credit Hours (3 Lecture Hours)
In this course students will examine the recent and past trends in literacy and the political, cultural, and research-based forces that influenced those trends. Attention will be given to how those trends have impacted and are impacting literacy instruction.

READ 5350 Multicultural Literacy
3 Semester Credit Hours (3 Lecture Hours)
This is a graduate level course that focuses on issues pertaining to multicultural literacy and biliteracy. This course examines the educational issues confronting culturally and linguistically diverse students in our schools today. This course is required for the Master Reading Teacher Certificate.

READ 5352 Theoretical Models of Reading and Writing
3 Semester Credit Hours (3 Lecture Hours)
This course is designed to provide teachers opportunities to expand their knowledge of the theoretical ways in which reading and writing processes are related and the practical ways in which these parallel processes can be incorporated into the literacy curriculum.

READ 5355 Teaching Literacy through Technology
3 Semester Credit Hours (3 Lecture Hours)
In this course students explore research on the use of computers and related technology to (a) develop a more responsive literacy curriculum, and (b) determine literacy management and evaluation procedures in the technology environment.

READ 5357 Critical Literacy
3 Semester Credit Hours (3 Lecture Hours)
Attention is on the theoretical and philosophical foundations of critical literacy. Students expand the lens through which literacy in schools may be viewed and develop a language of critique for analyzing literacy in social, political, and economic contexts.

READ 5359 Content Area Reading
3 Semester Credit Hours (3 Lecture Hours)
In this course graduate students examine the theoretical and functional aspects of literacy across the curriculum. Emphasis is placed on (a) ways to promote and develop students’ abilities to learn through text-based instruction, (b) ways to promote the acquisition of study skills, and (c) ways to assist struggling readers in a classroom situation.

READ 5371 Diagnosis and Correction of Reading Problems
3 Semester Credit Hours (3 Lecture Hours)
In this course students learn techniques for diagnosis and correction of reading problems as they work with children experiencing difficulty in learning to read.

READ 5372 Classroom Assessment and instruction
3 Semester Credit Hours (3 Lecture Hours)
Course attention is on the selection and administration of appropriate reading assessments for all students. Particular focus is given to the role and use of reading assessment for planning, designing, and adjusting instruction to promote literacy learning for all learners. This course is required for the Master Reading Teacher Certificate.

READ 5381 Exploring the Literature of Children and Adolescents
3 Semester Credit Hours (3 Lecture Hours)
This course will examine the historical, social, and pedagogical developments of the field of literature for children and adolescents.

READ 5390 Professional Seminar: Special Topics in Literacy
3 Semester Credit Hours (3 Lecture Hours)
The course addresses issues relevant to literacy. It may be repeated when topics vary.

READ 5392 Psycho-sociolinguistics and Reading
3 Semester Credit Hours (3 Lecture Hours)
This course explores the psychology of language as well as the social semiotics of language learning. Theories of cognition and sociolinguistics will be examined as they relate to literacy development in regular and specialized learning contexts.

READ 5393 Literacy Curriculum and Supervision
3 Semester Credit Hours (3 Lecture Hours)
Components of comprehensive reading programs in schools and districts will be examined, and strategies for literacy curriculum design and staff development will be explored. Emphasis will be on the literacy professional as a change agent and promoter of educational innovation.

READ 5395 Leadership and Literacy
3 Semester Credit Hours (3 Lecture Hours)
This course emphasizes how to disseminate reading research to critical stakeholders involved in education. Techniques include, but are not limited to, coaching, collaborating, mentoring, and consulting with colleagues.

READ 5396 Literacy Research Seminar
3 Semester Credit Hours (3 Lecture Hours)
This seminar is the culminating course in the graduate reading concentration. Current trends in literacy research, the critical examination of selected research studies, and the self-evaluation of professional needs and interests are included. This course calls for students to integrate information from previous classes with new information presented in this class in order to develop, conduct, and evaluate action-based research.

READ 5696 Directed individual Study
1-6 Semester Credit Hours (1 Lecture Hour)
May be repeated when topics vary.

READ 5697 Reading Practicum
6 Semester Credit Hours (6 Lecture Hours)
Students will have an opportunity to apply their knowledge of reading instruction by teaching children and youth with reading difficulties. They will gain knowledge of: the organization and management of the reading program, as well as early intervention strategies and programs. Literacy leaders and their contributions to the knowledge base for reading and writing instruction will be reviewed. Course requirements include the development of case studies on the children and youth being tutored. Some emphasis will also be placed on the many roles of the reading professional.
READ 6310 Emergent Literacy
3 Semester Credit Hours (3 Lecture Hours)
Language acquisition and functions of language are explored for beginning literacy P-4. Emphasis will be on classroom strategies for promoting language development and literacy growth for children through the integration of language systems (reading, writing, speaking, listening). Of particular concern will be children's oral language, letter knowledge, reading and writing vocabulary, concepts about print, and auditory discrimination. Doctoral students enrolled in this course will be expected to complete all assignments designated for master's students and also complete additional specified assignments. Students who took this course as READ 5310 may not take the course as READ 6310.

READ 6314 College/adult Literacy
3 Semester Credit Hours (3 Lecture Hours)
Theories and research on reading, writing, and study processes of college and adult students will be explored. Students will learn about program design, teaching/learning strategies, and assessment procedures appropriate for developmental college students and adults. In addition, doctoral students will study topics related to educating adults in professional situations. Students who took this course as READ 5314 may not take the course as READ 6314.

READ 6345 Stages and Standards for Reading Development
3 Semester Credit Hours (3 Lecture Hours)
This course emphasizes effective reading practices that reflect state content and performance standards. Particular emphasis is placed on the interrelated components of reading and how these components apply in reading instruction. Equal emphasis is placed on primary, middle school, and high school students. This course is required for the Master Reading Teacher Certificate. Doctoral students will complete a major research paper on a topic to be approved by the professor. Students who took this course as READ 5345 may not take the course as READ 6345.

READ 6350 Multicultural Literacy
3 Semester Credit Hours (3 Lecture Hours)
This is a graduate level course that focuses on issues pertaining to multicultural literacy and biliteracy. This course examines the educational issues confronting culturally and linguistically diverse students in our schools today. Doctoral students will have assignments that go beyond those for master's students. Students who took this course as READ 5350 may not take the course as READ 6350.

READ 6352 Theoretical Bases for Literacy
3 Semester Credit Hours (3 Lecture Hours)
Course focus is on major theories of reading and literacy in terms of both processes and practices. It also attends to ways in which theory relates to the literacy curriculum.

READ 6356 Writing for Publications in Higher Education
3 Semester Credit Hours (3 Lecture Hours)
This course addresses topics in writing for publication in higher education including the writing process, composition, organization, collaboration, and the identification of forums for dissemination of research and scholarship.

READ 6357 Critical Literacy
3 Semester Credit Hours (3 Lecture Hours)
Attention is on the theoretical and philosophical foundations of critical literacy. Students expand the lens through which literacy in schools may be viewed and develop a language of critique for analyzing literacy in social, political, and economic contexts. Doctoral students have assignments that go beyond those for master's students. Students who took this course as READ 5357 may not take the course as READ 6357.

READ 6369 Content Area Reading
3 Semester Credit Hours (3 Lecture Hours)
In this course graduate students examine the theoretical and functional aspects of literacy across the curriculum. Emphasis is placed on (a) ways to promote and develop students' abilities to learn through text based instruction, (b) ways to promote the acquisition of study skills, and (c) ways to assist struggling readers in a classroom situation. Doctoral students enrolled in this course will be expected to complete all assignments designated for the master's level students and also complete additional specified assignments.
