Thesis Track

Thesis students must also complete two years of a second language at the undergraduate level (or the equivalent credit by examination.)
Students may transfer up to 12 hours of graduate credit from accredited institutions.

**Exit Requirements**

History graduate students may pursue two tracks to complete their degree based on each student's career objectives.

The exam track is designed for students for whom the MA is the terminal degree. With the exam track, students must pass a written comprehensive examination during the term of expected graduation. The student’s committee will administer and evaluate the examination, designating the performance as a “pass with distinction,” “pass,” or “fail.” Any student who fails the comprehensive examination may retake it once within one calendar year. Failure to pass the examination a second time results in termination from the program.

The thesis track is designed for students who intend to pursue further academic study. The history MA thesis requires substantial commitment and ongoing consultation with the student's graduate advisor. Thesis students must defend the thesis in an oral examination, administered by the student's committee. Evaluators will give a grade of “pass with distinction,” “pass,” or “fail.” If the student receives a failing grade, the student may resubmit the project a second time. Failure on the second submission will result in the student’s termination from the program. Thesis students are also required to demonstrate competence in a second language, either by having successfully completed two years of an approved language as an undergraduate, or by successful completion of a language exam.

Students must use the required College of Graduate Studies forms and meet the deadlines for thesis committee formation and scheduling of the thesis defense. The thesis must meet the College of Graduate Studies thesis formatting requirements in addition to those of their discipline. For CGS deadlines and forms, refer to the CGS website and/or CGS Masters Handbook.

**Areas of Concentration**

By the end of the first year of study and in consultation with their graduate advisor, students will choose one of four areas of concentration in accordance with their academic and career objectives. Each concentration has an exam and a thesis track option.

**General Historical Studies**

**Public History and Archives**

- History core courses (9 hours)

- Thesis track: 9 additional graduate hours in history, six hours of HIST 5395: Thesis, and the equivalent of two years of a foreign language
- Exam track: 15 additional graduate hours in history

**Graduate Advisor/Graduate Committee**

By the end of a student’s first academic year, the student will identify a graduate faculty advisor. In conjunction with the academic advisor, students will determine their preferred track. By the end of a student’s second academic year, the student and graduate faculty advisor will identify a graduate faculty committee consisting of no less than two additional tenure-line history faculty.

**Degree Plan**

The degree plan, signed by the student and graduate faculty advisor, will become official when approved by the Dean, no later than the end of the second year of study. Any courses to remove deficiencies in undergraduate academic preparation will be included, along with the minimum number of graduate hours, in the degree plan and must be taken before any graduate level hours. Exceptions may be made if only three undergraduate hours are required, in which case they may be taken concurrently with a graduate level course.

**Internships**

Internships will consist of 50 to 100 hours of work with private and public sponsoring agencies. Some internships will be paid by the sponsoring agency; most will not, depending on the resources available to the sponsoring agency. The student, one member of the History graduate faculty, and an administrator in the sponsoring agency, will design the internship. The latter two individuals will supervise the student’s performance during the internship. The student will submit a written report of the experience to the supervising faculty member within one month of the end of the internship. The student’s faculty supervisor will grade the internship report on a credit/noncredit basis.

No course with a grade of less than a “B”, and no course that has counted toward the earning of another graduate degree will be accepted as transfer credit. Credit that is more than seven years old will not be counted toward the MA degree.
