

LEADERSHIP IN NURSING SYSTEMS, POST-MASTERS CERTIFICATE

Program Description

Post-master's certification is available for students that have earned their MSN Degree. Certification will allow registered nurses to expand their scope of practice beyond the role or population focus associated with their current credentials.

Registered nurses who earn a Post-Master's certification in the Leadership in Nursing Systems specialty area of study will be able to

- Apply their knowledge of leadership and management principles to foster change that supports the development of efficient and effective healthcare organizations.
- Demonstrate competency in the planning, implementation and evaluation of work processes that support consistent achievement of desirable organizational and patient outcomes.

Students who complete post-master's certification course work should meet requirements for national certification in the associated specialty area of practice.
