

NURSE EDUCATOR, POST-MASTERS CERTIFICATE

Program Description

Post-master's certification is available for students that have earned their MSN Degree. Certification will allow registered nurses to expand their scope of practice beyond the role or population focus associated with their current credentials.

Registered nurses who earn a Post-Master's certification in the Nurse Educator specialty area of study will be able to

1. Expand their area of practice to include teaching positions in academic and clinical education.
2. Demonstrate competency in curriculum development, implementation, and evaluation through the application of relevant education principles.

Students who complete post-master's certification course work should meet requirements for national certification in the associated specialty area of practice.
