Community/Junior College Transfers¹

Community and junior college students who plan to transfer to the College of Business are advised to pursue the business foundation curriculum outlined below. The appropriate course equivalency guide should be consulted to resolve questions of course transferability. All business courses normally offered by the College of Business at the junior or senior level must be completed by the student at that level. Courses acceptable for transfer by Texas A&M University-Corpus Christi will be accepted at the level at which the courses were taken, and at least 50% of the business hours required must be taken at Texas A&M University-Corpus Christi. Generally, courses from a community/junior college cannot be used to satisfy upper level requirements. Lower level transfer courses in Business Law and/or Statistics may be accepted with approval from the appropriate department chair. All business courses transferred require a grade of "C" or better and require prior approval by a College of Business academic advisor.
